

investigation must be filed no later than 21 days before the scheduled hearing date in that investigation. That scheduled hearing date will be specified in the Final Phase Notice of Scheduling which will be published for each investigation in the Federal Register as provided in section 207.21 of the Commission's rules upon notice from the Department of Commerce (Commerce) of an affirmative preliminary determination in that investigation under section 703(b) or 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in that investigation under section 705(a) or 735(a) of the Act. (In the *Sodium Azide* and *Melamine* investigations, in which Commerce has issued affirmative preliminary determinations, the Commission will issue Final Phase Notices of Scheduling when it receives further information from Commerce concerning scheduling of Commerce's final investigation.) Parties that filed entries of appearance in a preliminary investigation need not enter a separate appearance for the final phase of that investigation. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to each investigation.

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make business proprietary information (BPI) available to authorized applicants (which must be interested parties that are parties to the investigation) under the Administrative Protective Order (APO) issued in each investigation, provided that the application is made not later than the time that entries of appearance are due in that investigation. A separate service list will be maintained by the Secretary for each investigation for those parties authorized to receive BPI under the APO.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to any of the captioned investigations must be served on all other parties to that investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.
